### **Expression of Interest (EOI)**

Final changes to the EOI were suggested including edits to the age of building, addition of opportunity maps, and removal of Appendix IV (holding appendix for full RFP). The list of developers will be shared with CAC.

### **Meeting Summary**

April 3 meeting summary approved.

### **Feedback: Public Comments**

The community comments obtained via CAC contact or via website have been few and reflect those already provided.

### **Feedback from Membership**

Question posed to CAC member: Will there be a change in services provided in the new facility? This question may have been generated at a meeting earlier in the day in which someone indicated that the DOH wanted to close OB services. This information is inaccurate. The question and response will be added to the FAQs.

### **Next Steps**

R. Yanus indicated that the City has been invited to attend a meeting in Albany on June 11 which will include the opportunity to share opportunities in the area, such as Brownfield Opportunities. Any information related to the EOI as well as pictures of the hospital campus would be helpful.

### **Adjournment**

Having no further business, the meeting adjourned noting the next meeting as Wednesday, June 5, 2019.
