

ABOUT US

Brooks-TLC Hospital System Physical Therapy has been providing hands-on-healing to our community for more than 30 years.

Our experienced team of physical therapists and physical therapist assistants have advanced training and certifications that provide patients with a wide-range of services to promote:

- mobility
- functional ability
- pain reduction
- improved quality of life

After thorough examination, evaluation and diagnosis, our clinicians develop a highly personalized physical therapy treatment plan to serve each individual's specific needs.
